About the Blue Heron

The Blue Heron Fleet was established in 1955 by Capt. Harry Nagel. The fleet has been family owned and operated with the third generation currently at the helm. The three vessels are the largest and most comfortable in the area. The cabins offer cushioned seating, settees for catering, and clean men's and ladies restrooms. The Vessels are equipped with state of the art navigation and fish finding equipment.

Both our locations are minutes from prime fishing grounds 20-40 minutes away depending on which hot spot is producing fish catches. All of our fish '*catching*' is done from ¼ mile to 3 miles from shore. Catches consist of Kingfish, Snapper, Grouper, Mahi-Mahi, Sailfish, Cobia, Barracuda, Sharks, False Albacore and Wahoo.

The fare includes rod, reel, bait, tackle, and fishing license.
